Here's how:

1. Cut off this narrow strip so you have a square.

2. Make the cootie catcher's folds by following the order marked on the page. Please note:

◦ A dotted line like this ——— means fold under (so the flap is on the underside of the page).

◦ A dashed line like this - - - - - means fold over (so the flap is on the top side of the page).

◦ A solid line like this ——— means crease and unfold.

3. Insert your fingers in the four pockets and start playing! (You remember how, right?)

Catch you later!
